

**Mobility and quality have now
become *one*. The new
HEINE DELTA*one* Dermatoscope.**

30
YEARS
1st DERMATOSCOPE

Small on the outside. Big on the inside.

The new HEINE DELTAone Dermatoscope.

This mobile masterpiece is taking medical professionals by storm. The crystal-clear image was accomplished using the new achromatic HEINE optical system. What's more, it produces extraordinary colour rendering, due to the quality of our LED^{HQ}. Examinations are now particularly comfortable

due to the polarisation allowing doctors to work glare-free and without disrupting reflections. These three features – clarity, LED^{HQ} and non-reflective working – are what turn the DELTAone into a vital working tool wherever you go.

Crystal-clear image with the new achromatic HEINE optical system

Fits into any pocket

Glare-free and non-reflective working conditions thanks to polarisation

LED^{HQ}
LED NOW IN HEINE QUALITY.

Excellent colour rendering due to LED^{HQ}

Digital documentation with the exclusive HEINE DERM app or the HEINE Cube System**

- ∴ **Field of view of real 21mm** (lens 22 mm)
- ∴ **Custom light intensity:** 3 degrees of luminous intensity
